Call to order was given by Mayor McLaurin.

Mr. Nazarchyk gave a brief opening statement regarding the RFQ process and responses from the architects. He then asked Chris Frank of LSV Associates to make his presentation to the Council regarding his firm's ability to handle design and construction of the new town hall.

Mr. Frank responded to questions that had been previously submitted to him by the Town Manager, and he also had input from two gentlemen who work regularly with him on projects. They were Steve Campbell, an engineer with Progressive Design Collaborative, LTD in Raleigh, and Ben Rogers, an engineer with Fleming & Assoc. of Fayetteville.

After the presentation the Council asked questions of Mr. Frank, and requested some clarification.

Motion to adjourn was made by Lawrence Buffaloe, and a second came from Cheryl Hudson.
