Mr. Nazarchyk then reviewed the 2015-16 Goals and provided a status report on each. After some discussion, the Council listed the following three items as priorities for the coming fiscal year, and the list may be expanded in future planning meetings:

- Ballpark Road - continue working towards creating an outlet to Beard Road.
- Community Center Bldg. – contract with engineer to determine possible expansion options.
- Continue working toward implementation of Storm Water Ordinance.

Ongoing items will be:

- Town Hall Construction. The approved site plan will be submitted to USDA for approval, and then Council will suspend action until a definite agreement is reached on Sales Tax Dollars.
